WHY NATEK?

NATEK is a well-established company, working with international customers for nearly 15 years. Thanks to our experience we provide access to the best IT specialists from all over the world and a comprehensive support within the scope of our services.

Over 600 employees and over 70 thousand IT specialists in our database

Offices in 4 countries: Bulgaria, Czech Republic, Poland and Slovakia

Wide array of competences of our specialists: Java, C++, C#, JavaScript, Databases, Testing, Project Management and others

Stable financial condition and a yearly growth by 30%

WHAT DO WE OFFER?

Our services meet the needs of the market and demands of the clients expecting the best quality of IT solutions. Our goal is to deliver services tailored to specific requirements of particular projects.

IT resources outsourcing

Our recruitment department has an expertise concerning the industry and the job market needed in order to find the best suited IT specialists. We take full responsibility for the formal requirements including the recruitment process, remuneration and other benefits available for consultants.

Technical consulting

Thanks to managers who have gained experience in managing projects from various industries we develop personalized solutions suiting our customers' needs.

Delivery Centers

We have our Shared Services Centers in cities strategic for business: Kosice and Gdansk. Thanks to this our partners can focus on their core business by entrusting carrying out the IT tasks to our specialists.
